NOTIFICATION DATE		DELIVERY MODE		
09/30/2010		ELECTRONIC		

**Please find below and/or attached an Office communication concerning this application or proceeding.**

The time period for reply, if any, is set in the attached communication.

Notice of the Office communication was sent electronically on above-indicated "Notification Date" to the following e-mail address(es):

SUGHRUE265550@SUGHRUE.COM

USPTO@SUGHRUE.COM

PPROCESSING@SUGHRUE.COM

1. **Continuation of Box 5:**

2. In view of applicant's response (e.g. see first full paragraph on page 6 of the amendment), the 112-first paragraph rejections as set forth in sections 3-10 and section 12 as set forth in the Final Office action (FOA) mailed on 04/01/10 are withdrawn. Support for amended claim 1 is found in the specification (e.g. page 32 line 8).

**However, the Examiner notes that applicant's amendment has not overcome the 112-first paragraph rejections as set forth in sections 11 and 13 of the FOA.**

3. **Continuation of Box 7:**

4. It is noted that applicant has amended claim 1 to include the thickness of "10 to 50  $\mu\text{m}$ ". The Examiner notes that this limitation is still being met by the rejection as set forth on page 7, section 18 of the FOA.

5. **Continuation of Box 11:**

6. It is noted that applicant has continued to maintain his/her position with respect to the art rejections of record (see page 8 of the amendment). In response, the Examiner respectfully maintains the rejections of record and incorporates his comments with respect to applicants' arguments as set forth in the previous FOA mailed 4/01/10.

7. **Continuation of Box 12:**

8. The information disclosure statements (IDS) submitted on 04/15/10 and 06/03/10 were filed after the mailing date of the Final Office Action on 04/01/10. The submissions

Art Unit: 1787

are in compliance with the provisions of 37 CFR 1.97. Accordingly, the information disclosure statements are being considered by the Examiner.

/A. D./

Examiner, Art Unit 1787

/Callie E. Shosho/

Supervisory Patent Examiner, Art Unit 1787
